This was a quick consultation were I was pre-occupied with other consultations and wasn't taking in new consultation. However when person contacted me that time I asked what the issue (Which is not usual of me) and wasn't expecting big issue so that I can schedule consultation accordingly. Also this client is my regular client.

Client Replied as - The child body is having itching on whole body from past few years and doctors are not able to solve it.

"Use puri body me bahut khujali ho rahi or kafi time se dr. Ko dikha rahi but koi Fayada nahi ho raha to abhi bhabhi ka phone aya ki apse ek baar baat kar le"

I asked for kid's chart and said That I know why its happening. **Rahu and Mercury transit is going on.** (This person is also learning astrology thus I have used Graha names in Chat and Call)

When I received the chart details it had conjunction of Rahu and mercury in 12th house with Mandi, Gullika, GL and A8 Pada all in sign of Virgo. I highlighted and sent the chart back. I knew where to focus and also asked for family members charts for reference.

2. Uncle Afflicted by Tantra (Chart for reference and learning) (11th house-8th house)

I will update story in few days. For now, there was a haunted ancestral house where uncle stayed specially in a particular bed room and got mad where Tantra was done and family knows who did it. Native have seen the room with his own eyes where the windows handle stopper used to shake and vibrate even when no wind is running. Causing goose bumps to native.

Dear Prateekji,
Thanks for sharing these analyses. It is a great learning for us, specially me.

I have tried to decode your analysis so that it becomes clear. Two reasons – due to lock down very few opportunities to practice. Also request your inputs regarding areas of ignorance so as to improve.
Hope you forgive my imprudence.

Always look forward to your posts regarding such cases, specially tantra.
Warm regards.

First chart only.

1. Besides Skin Disorder she will also have sleeping disorder and anxiety/breathing issues

Hi Prateek - in the first chart where the grandfather molested a girl is rahu and mercury enough to create this malefics effect or gulika and mandis influence also add to it? And this was the maternal grandfather as well?

Rahu + Mercury and A8 pada makes that. Focus here was Paternal Grandfather due to Rahu. Maternal grand father may be possible but I didn't predict or checked.
